

# PRINCIPLES OF GOOD PRACTICE FOR ACADEMIC DEGREE AND CERTIFICATE PROGRAMS AND CREDIT COURSES OFFERED AT A DISTANCE

## DEFINITION

Texas Administrative Code, Title 19, Part 1, Chapter 4, Subchapters P and Q define distance education as any formal educational process that occurs when students and instructors are not in the same physical setting for the majority (more than 50 %) of instruction. Distance education includes off-campus face-to-face, electronic to group, hybrid/blended, fully online, and 100 percent online courses and programs as defined by the Texas Higher Education Coordinating Board (THECB). Distance Education at all public institutions of higher education in Texas is designed to provide students across the state with access to courses and programs that meet their needs.

The Principles of Good Practice for Academic Degree and Certificate Programs and Credit Courses Offered at a Distance apply to course types in distance learning as described in the Texas Administrative Code, Title 19, Part 1, Chapter 4, Subchapter P, Rule 4.257 and Subchapter Q, Rule 4.272. Institutions of higher education should make a reasonable effort to provide an accurate description of hybrid/blended, fully online, and 100 percent online courses or programs to students, including the amount of face-to-face or synchronous meetings and in-person proctored exams.

Complying with the PGP guidelines does not guarantee compliance with federal requirements, regulatory authority or quality assurance standards. This document was derived from a collective review of the original PGP guidelines, Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) standards, Council of Regional Accrediting Commissions (C-RAC) guidelines, Quality Matters (QM) rubrics, and Online Learning Consortium Quality Scorecard (SC). Each item has a list of standards or regulation documents that it is mapped to at the end of the statement. The item that is bolded is the originating document. If no item is bolded, then this item was in the original PGP. For example, the following entry means the statement came from C-RAC originally, but is also referenced in QM, SACSCOC, and SC:

## BASIC ASSUMPTIONS

There are six basic assumptions central to the Principles of Good Practice for Academic Degree and Certificate Programs and Credit Courses Offered at a Distance.

1. The course or program offered at a distance is provided by or through an institution that is accredited by an accrediting agency recognized by the Texas Higher Education Coordinating Board and authorized to operate in the state where the course or program originates.
2. The institution's programs and courses holding specialized accreditation meet the same requirements when offered at a distance.
3. The "institution" may be a single institution or a consortium of such institutions.
4. These principles are generally applicable to degree or certificate programs and to courses offered at a distance.
5. It is the institution's responsibility to review educational programs and courses it provides at a distance and certify continued compliance with these principles.
6. Institutions offering programs or credit courses are responsible for satisfying all in-state approval and accreditation requirements before students are enrolled.
