Attention Former Argosy College Students:

Argosy College, a subsidiary of Dream Center Education Holdings, has closed their doors, leaving many students without a collegiate home. As you search for the best option to complete your education, consider Richland College. For more than 40 years, Richland College has focused on teaching, learning and community building. In recognition of these efforts, the White House and the Dept. of Commerce named Richland College a recipient of the Malcolm Baldrige National Quality Award, the first community college to receive this award.

We invite you to learn about Richland College and our many programs and resources. Richland College helps students build their future in several ways. We have courses that can be applied to the first two years of a baccalaureate degree. We have quick certificates in a number of high demand career fields. We have fast tracked applied degrees that can get you into the workforce quickly, and training in the latest technology for students who want to advance in their current careers. Richland College offers many programs in-line with the programs offered at Argosy College.

Richland College is a very diverse campus with 20,000 credit students, 5,000 Workforce and Continuing Education students, 130 countries represented, and 79 languages spoken. Richland College offers many scheduling options including flex term courses that are fewer weeks than the traditional 16-week semester.

“We all need to stay viable and relevant with a willingness to learn something new and adapt to our circumstances. Richland College is committed to partnering with you on the next steps on your educational journey.” – ***Rose Galloway, Associate Vice President of Workforce & Continuing Education***
