**INTERNAL AUDIT & COMPLIANCE MONITORING**

**Internal Audit Plan**

**Fiscal Year 2019**

The Texas Internal Auditing Act requires state agency Internal Auditors to conduct a program of auditing that includes an annual audit plan, is prepared using risk assessment techniques, and identifies the individual audits to be conducted during the year. The following proposed plan meets the requirements of the Texas Internal Auditing Act.

Specific risk factors were considered as they apply to the agency’s significant operational activities. These risk factors included:

- Financial significance
- Reputational significance and visibility
- Complexity; inherent risk; and the potential for abuse
- Prior audit and compliance monitoring results as an indicator of control effectiveness
- Audit recency – internal audit, compliance monitoring (as applicable), KPMG, SAO, and/or Federal auditors
- Changes in mission or key management

A risk-ranked listing of significant operational activities became the basis for the audits proposed for consideration herein.
